## DATA ENGINEER

---

I am a highly skilled and motivated Data Engineer specializing in machine learning infrastructure and data science applications. Proficient in **Python, TensorFlow, PyTorch Scikit-learn and flask** with a solid understanding of **statistical modeling and deep learning techniques**.

## TECHNICAL SKILLS

---

**Languages** : C/C++, Python, Java, HTML, CSS, JavaScript  
**Frameworks** : Scikit-learn, TensorFlow, Node.js  
**Libraries** : NumPy, Pandas, Seaborn, Matplotlib, NLTK  
**Databases** : MySQL, MongoDB  
**Dev Tools** : Jupyter Notebook, Visual Studio Code, Git, Gitlab

## EDUCATION

---

**AJAY KUMAR GARG ENGINEERING COLLEGE, GHAZIABAD**  
*Bachelor of Technology in Computer Science Engineering Data Science*  
**Coursework** : Data Structure and Algorithms, Operating System, Python, Mathematics

Nov 2021 – Present  
SGPA: 8.4 (till 4th sem)

**GOVERNMENT CITY INTER COLLEGE, GHAZIPUR**  
*Class: 12th, UP Board*

Apr 2019 – Mar 2021  
Percentage: 86.4

## PROJECTS

---

**Diabetes Prediction** *Python, Machine Learning, Flask, HTML, CSS* [Source Code](#)

- Designed and developed a clean and modern website
- Optimized website for **speed and user experience**
- Deployed on GitHub pages via GitHub Actions

**Review Scrapping** *Python, Flask, HTML, CSS* [Source Code](#)

- Implemented a web scraping project to extract and analyze user reviews from e-commerce websites using Python and BeautifulSoup library.
- The project aimed to gather insights into product performance and customer sentiments.

## CODING ACHIEVEMENTS

---

- 1200+ Problems Solved on Different Different Platform
- 500+ Problems Solved on @CodeChef, Best Contest Global Rank 531/19,190
- LeetCode Best Contest rank 1928/20,000 and maintaining 200+ streak
- GFG Institute Rank 98 and 1000+ coding score

## CERTIFICATIONS

---

- [Certified Data Engineer by the PW Skills](#)
- [Hackerrank Certified: Problem Solving](#)
- [Cisco Certified Developer - HTML, CSS](#)
